

GET READY

Marinwood / Lucas Valley Areas Mont Marin + San Rafael Park

Disaster Preparedness Class

Marin County residents face a multitude of hazards including: earthquakes, wildfires, flooding, and landslides. Specifically, the Lucas Valley Road area (Mont Marin-San Rafael Park on the South, Lucas Valley + Marinwood North) is surrounded by open space with a history of fires. Storms have brought flooding along Miller Creek and landslides along slopes. And – quakes will happen. Now is a good time for our adjoining neighborhoods to Get Ready for ourselves, our families, our neighborhoods, and our community.

THE BENEFITS OF TAKING THE FREE CLASS:

- ❑ Prepared citizens means reduced injuries and illnesses due to a disaster
- ❑ A reduction to the over-burdened emergency first responders
- ❑ A reduction to the over-burdened hospitals and urgent care centers
- ❑ A stronger community: people helping each other
- ❑ Necessary information to protect you and your family during a disaster
